Harbanspura Lahore

OBJECTIVE

Seeking an internship position to leverage my technical skills and expand my knowledge in a professional environment. Committed to providing excellent customer service, resolving technical issues, and ensuring smooth operations of desktop systems. Eager to learn from experienced professionals and contribute to the success of the organization while gaining practical experience in technical field.

SKILLS

- Problem-Solving
- Web Development (Basics)
Content Writing
- Technical Writing (Documenting
Software and Projects)
- Mobile App Development (Basics)

EXPERIENCE

IMASERVE | REMOTE MARCH

2022 - Present

- Professional Web Research and data transfer

FINAL YEAR PROJECT

2023-Present

I have developed a smart glove for the deaf and dumb community using Arduino. This glove recognizes sign gestures and communicates with a mobile application in real-time, providing immediate results based on the hand gestures.
